# OLESON

Saw Technology

# WIDE BANDSAW BLADE EXPERTISE

**PRECISION.  
DURABILITY.  
RELIABILITY.**

Oleson Saw Technology, a Comact Cutting Solutions brand, designs and manufactures high-performance wide bandsaw blades for industrial sawmills.

Built on decades of expertise, Oleson supports mills where cutting accuracy and reliability are critical to performance.

## WHAT WE DO

### Premium wide bandsaws engineered for:

- Primary breakdown lines
- High-speed headrig applications
- Large-diameter log processing
- Precision sawing environments

### Each blade is developed to deliver:

- Superior cutting accuracy
- Reduced deviation and vibration
- Extended blade life
- Stable performance at high feed speeds

## BLADE CONFIGURATIONS

Available in multiple configurations to match different sawmill applications:

- Stellite™-tipped
- Swage-tipped
- Ready-to-tip

Blade widths range from 4" to 14", with flexible length and configuration options designed to match specific cutting applications.

# ENGINEERED FOR INDUSTRIAL DEMANDS

Oleson blades are designed for demanding production environments where uptime, yield, and reliability directly impact profitability.

Our expertise includes:

- Advanced tooth geometry, including Variable Pitch Tooth (VPT)
- Optimized tensioning
- Precision welding
- Controlled heat treatment

Every blade is manufactured to strict quality standards to ensure consistent, repeatable performance in high-throughput mills.

## WHY OLESON

- Dedicated wide band expertise
- Deep understanding of industrial sawmill applications
- Reliable manufacturing quality
- Performance-driven design
- Supported by Comact Cutting Solutions' engineering expertise

## FILING ROOM SOLUTIONS

Oleson Saw Technology is the **exclusive authorized distributor in the United States** of ISELI sharpening and filing machines.

Manufactured in Switzerland, ISELI systems are trusted worldwide for precision grinding, tensioning, tipping, and blade preparation—supporting consistent cutting performance in demanding sawmill environments.

## LET'S OPTIMIZE YOUR CUTTING PERFORMANCE

Whether supporting an existing installation or enhancing a high-performance breakdown line, Oleson Saw Technology delivers precision cutting solutions built for industrial sawmills.
